## ***2018/2019 DAC Chair and Vice Chair***

### **DAC Chair Applicant**

Jim Earley

This was my first year as DAC Chair (2017-18). I think we've accomplished a great deal for creating a holistic approach between the different roles and responsibilities within DAC. This year, DUIP played an instrumental role in defining both Priority Performance Challenges, and prioritizing actions with concrete budgetary costs that gives the Budget Subcommittee even greater insight and information for their recommendations.

Yet, there is more to do. I envision empowering our Articulation Area Representatives to be the voices of the schools in their area, by providing additional supports and resources for them. I also envision more work from the FSCP subcommittee to provide greater engagement from our community to support our schools. We also have more work to do to standardize our review and approval processes for Charter School applications so that we can objectively and fairly make recommendations about new charters and charter renewals. We need greater engagement from our Charter schools into our processes because every student in Jeffco deserves a great education, no matter which school they attend.

Over the past several years, we have seen Behavioral and Mental Health become a significant issue across the district. We have an opportunity as a DAC to advocate for our schools and communities and work with the Board and District staff to ensure that we are doing all we can to support this need.

I'd like to continue this work, and I hope that I've earned your trust and confidence to continue.

### **DAC Vice Chair Applicant**

Sally Kate Tinch

I am interested in a leadership position of DAC Vice-Chair to promote the interests of kids in public education.

Roles in Jeffco include: West Jeff MS and Conifer HS SAC chair, PTA officer, SPAC member, District Health Advisory Committee member, founding member of educational non-profit, public education advocate, Colorado PTA Legislative Committee, Charter Committee Chair, Jeffco U graduate, Innovation Review Committee member. I have served in numerous volunteer positions for marginalized populations--ESL kids, homeless, battered women, women in prison and women in drug rehabs. Current employment includes BVSD substitute, Outdoor Lab Foundation and teaching yoga and meditation.

I am available, willing and excited to fulfill the responsibilities of the DAC vice chair.
