What: On August 13, Shelton Elementary School will host the Worldwide Day of Play, an event organized by Nickelodeon promoting the health and physical activity of students.

Worldwide Day of Play with Nickelodeon will kick off the school year at Shelton Elementary and encourage students to give greater priority to health and activity in their daily lives. Last year a Health and Wellness Committee led by parents at Shelton found that students required improvement in their eating habits and activity levels. In cooperation with Jeffco Public Schools, Shelton Elementary Principal Karen Brown implemented changes to students' schedules, including incorporating brain breaks and placing recess before lunch time.

Worldwide Day of Play will begin at 9:00 am and will include a slime booth and activities such as twister, giant bowling, connect the dots, over and under, "Nick-tac-toe", and other interactive problem-solving games for students..
