Strategic Plan

On October 11, 2017, Superintendent Dr. Jason Glass released Jeffco Generations: A Learning-Centered Vision for our Community's Schools. The strategic plan builds on this vision and focuses on putting our community's aspirations into practice. This site seeks to communicate our plan for delivering on these aspirations by answering four simple questions:

- What are we trying to do?
- How are we trying to do it?
- At any given moment, how will we know if we are on track?
- If we are not on track, what are we going to do about it?*

IF we keep the creation of profoundly authentic student experience at the center of our work
(Learning) ...

AND build repeatable procedures (system-ness) where quality learning can be scaled, replicated, and provided equitably to every student **(Conditions for Learning)** ...

AND create systems to ensure that every student comes to school ready to learn and barriers to learning are removed **(Readiness for Learning)** ...

THEN our students will be prepared for their futures.
