Join WWT at various locations across the U.S. for Hour of Code 2020! Registration is now open for St. Louis and Denver.

DETAILS

Help your students embrace science, technology, engineering, art and math! We will hold **hour-long sessions** in St. Louis, Denver, Kansas City, MO and Springfield, MO. Students will pair up and learn the basics of code from professionals in this **FREE** environment. This event is for any student in grades K–12 grade. Educators and parents, register starting **Monday, December 2**, and plan to be on hand with participating children. Snacks, beverages and parking will be available at no cost.
